## Who are We?

Edmund Rice Camps SA Inc is a **not-for-profit** volunteer based organisation that provides **camp, day activities, trainings and support services** to the community of South Australia

Edmund Rice Camps SA Inc. was founded in 1989, and became an incorporated body in June 1996. The organisation has a network of approximately 350 active volunteers. Volunteers are primarily professionals attending University / TAFE or in the workforce. These volunteers give up their time to

attend camps and other services with children, young people and/or families.

Essentially our services are about providing children with opportunities to reach their full potential.

We do this by providing an environment that is inclusive and encourages participation, friendship and trust. The fostering of relationships is encouraged through our **unique provision of one on one mentoring** and care during the young person's time on camp.
